

# SHP Short Engines

Are you sick and tired of losing sales to crate engines because your customer can't or won't wait for you to machine & build him a custom engine from scratch?

Here's the answer! Dart have done all the time consuming work for you!

These SHP short engines have been carefully prepped and assembled by Dart using only quality name brand components.

All you have to do is select a cam and a pair of cylinder heads to suit your customer's application, assemble it and you're done!

Your customer still gets a quality, custom spec engine but in a fraction of the time.

**Don't lose another sale,  
Dart SHP short engines are a no brainer!**
