

# New Speed Pro Timing Gear Kits

## FEATURES:

- Double roller timing chains pre-run at the factory to ensure precise dimensions, eliminate break-in wear, and deliver long life.
- Precision machined cast iron cam sprockets for long life & superior accuracy. Crank sprockets are induction hardened billet steel with 3 keyways for timing adjustability.
- Fel-Pro timing and water pump gaskets and a National Oil Seals brand front oil seal deliver dependable sealing whether in street driving or racing competition.
- Available for most popular V8 engines
